NEXTGEN

News from the Community

Dr. Alfred Lau

NextGen Chair and Membership & Communications Chair

The NextGen community has been incredibly active throughout 2019. We are continuing to grow our community on social media, increasing our engagement with the NextGen Pages & Features tab on iaoms.org, and making an impact at the 2019 ICOMS in Rio. We're excited to share some of the highlights from the community.

Congratulations & Thank You

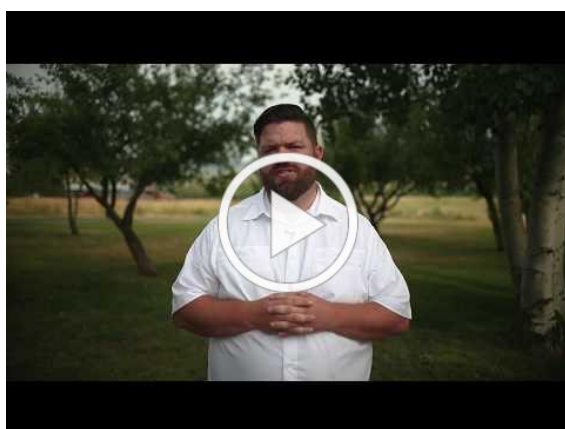

L to R: Dr. Evangelos Kilipiris, Dr. Dayne Jensen, Dr. Salcedo-Gil, Dr. Sabrina Ng and Dr. Praveen Ganesh featured with Dr. Gabriele Millesi and Debra Zabloudil.

Thank you to all of our speakers during the "Next Level Forum: Pearls in the Career of NextGen" sessions at ICOMS.

Didn't get a chance to attend the sessions at ICOMS? Be sure to head over to the ["NextGen at ICOMS 2019"](#) feature on the NextGen Page to hear the inspirational stories from our presenters.

Video submissions from presenters to participate in the 2019 ICOMS "Get Inspired" session.

Hear from the Community

"It was incredible and at the same time strange, for the first time in my career, to talk about myself, my story and not about a surgery. I hope that my story has inspired some of the colleagues, or gave some strength to those who just have started their career."

For me personally this congress was a great opportunity to network with many colleagues from all around the world, to share the experiences. All this would not have happened without IAOMS organization team. From the invitation letter to departure from Rio they were very supportive, taking care of every detail, making sure everything was ready for me to get on stage. Hope see you in Glasgow 2021!"

Dr. Carlos Salcedo- Gil
Spain

"The NextGen "Get Inspired" session at ICOMS, Rio, was one of the most incredibly amazing experiences I have ever had."

It gave us young surgeons, from all across the world, a unique platform to share our inspiring stories. The session was an opportunity to express ourselves totally and completely. We also had a great mentorship program with astounding lectures. Truly it was a conglomeration of learning, fun and enlightenment."

Dr. Praveen Ganesh

"It was great successful and prestigious International Conference on Oral and Maxillofacial Surgery (ICOMS) in Rio de Janeiro, Brazil. I shared, learned a lot and felt as a young child of the big family from all around the World.

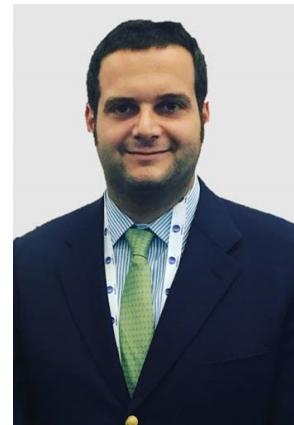

ICOMS 2019 always will be special for me because, it was undoubtedly an amazing experience to join the NextGen. It is a pleasure to work with the next generation of oral and maxillofacial surgeons in a global platform for an important mission of the International Association of Oral and Maxillofacial Surgeons (IAOMS). I and all the NextGen Council will share our ideas. We will promote and unify IAOMS. I would like to thank for this opportunity and looking forward to meet in ICOMS 2021, Glasgow."

Dr. Z Burcin Gonen
Turkey

"The opportunity to become part of Next Gen has already been clear to me since the Hong Kong congress. During the two years, that elapsed to arrive at the splendid ICOMS in Rio de Janeiro, I had the opportunity to participate in several congresses promoted by the international Society, and being part of the next gen gave me the possibility to create a network of contacts with many colleagues around the world.

Having the chance to join the representatives of the nextgen during the congress in Rio has given me a greater sense of responsibility in engaging Italian and European colleagues as well as all colleagues that I have had the pleasure to know in these years. I think it is exciting to be part of this family that gives the opportunity to share professional and life experiences, knowledge, but above all it unmistakably conveys the feeling of being a united family. My wish is to see twice as many people joining the Next Gen in Glasgow."

Dr. Salvatore Crimi
Italy
