### President's Corner: A Message from Dr. Gabriele Millesi

Dear IAOMS Members & Esteemed Friends,

We are several months into the new year and unfortunately many of us are experiencing Déjà vu from 2020. The pandemic continues to dominate our professional and private lives. However, vaccines and slowly progressing area-wide vaccinations create hope for normality in the future. There still is a long way to go but mankind has overcome even more critical circumstances, and that should remind us to remain stimulated and positive. We are all fully capable of coping and adapting, as is our International Association, IAOMS! We have and will continue to stay connected with you and provide you with a variety of virtual education and scientific programs.

So far this year, we have hosted several educational programs including the IAOMS/ALACIBU NextGen Online Conference. Attendance for this conference was a huge success in the Latin American region as well as regions across the globe. Thank you for your participation! We have also launched all new episodes of the IAOMS Podcast Series "Physician Wellness" with new episodes debuting Mondays at 6:00AM CST. This May, we will conduct an IAOMS Scientific Webinar presented by Dr. Alfred Lau on May 5, 2021 and an additional IAOMS Scientific Webinar presented by Dr. Gwen Swennen on May 29, 2021. We are also thrilled to share that on June 9, 2021 we will host the second IAOMS Virtual Conference in collaboration with Osteo Science Foundation. More details will be available soon on [www.iaoms.org](http://www.iaoms.org).

On behalf of the IAOMS Board of Directors, Executive Committee and the Chicago Headquarters, thank you for your amazing loyalty and participation in our programs. I would like to extend a special thank you to all IAOMS members who have joined or renewed their membership for 2021. **We look forward to seeing you *virtually* once again this year.**

With my warmest wishes,

Dr. Gabriele Millesi  
IAOMS President
