- **Building Individual Careers and Our Surgical Profession**
  - IAOMS membership offers many benefits, from the *International Journal of Oral and Maxillofacial Surgery* (IJOMS), educational resources (including live and on-demand Scientific and Next Level Forum/Digital [webinar series](#)), [Fellowships and Scholarships](#), member discounts at [ICOMS](#), and our worldwide network of OMF professionals.
  - While members of a national or regional association can always join IAOMS as individuals, there are benefits to an Affiliated Association coordinating membership on behalf of its members. We offer significant discounts on membership dues and a streamlined credentialing process for new Fellows (oral and maxillofacial surgeons) when 100% of an association joins the IAOMS (this option does not apply to [countries eligible for reduced dues](#) as dues offered are the lowest available).
