IBRA Seminar and Workshop

Orthognathic Surgery

September 28 – 29, 2018
Basel, Switzerland

Chairmen:
Prof. Dr. Dr. Philipp Jürgens, Basel, Switzerland
Prof. Dr. Dr. Andreas Neff, Marburg, Germany
Univ.-Doz. DDr. Oliver Ploder, Feldkirch, Austria
Dear Colleagues and Friends

On behalf of IBRA and the organizing committee, it is our pleasure to invite you to assist to our advanced IBRA Seminar and Workshop on Orthognathic Surgery in Basel, Switzerland.

The program will focus on planning, treatment concepts and surgical management as well as the optimization of aesthetic results and will encourage the close exchange between participants and faculty by exploring interesting cases and vivid interactive discussions.

The interactive and hands-on approach of the course will include evidence-based as well as novel treatment techniques and will allow to participants and faculty to share experiences and ideas, discuss and debate on challenging problems.

The anatomical workshop on fresh frozen specimen intended for the second day will not only provide participants with latest updates by the esteemed international faculty, but will also highlight technical details, tips and pearls and how to avoid pitfalls and complications.

We look forward to seeing you all at this unique event and will endeavor to deliver you the maximum benefits during your stay.

Sincerely

Prof Dr. Dr. Prof. Dr. Dr. Univ.-Doz. DDr. Philipp Jürgens
Prof. Dr. Dr. Andreas Neff
Univ.-Doz. DDr. Oliver Ploder
IBRA Seminar and Workshop

Faculty

Chairmen
Prof. Dr. Dr. Philipp Jürgens, Basel, Switzerland
Prof. Dr. Dr. Andreas Neff, Marburg, Germany
Univ.-Doz. DDr. Oliver Ploder, Feldkirch, Austria

Faculty
(in alphabetical order)
Prof. Dr. Dr. Christian Freudlsperger, Heidelberg, Germany
Dr. Gonzalo Alfredo Herrera, Salta, Argentina
Prof. Dr. Dr. Philipp Jürgens, Basel, Switzerland
Prof. Dr. Gabriele Millesi, Vienna, Austria
Prof. Dr. Dr. Andreas Neff, Marburg, Germany
Univ.-Doz. DDr. Oliver Ploder, Feldkirch, Austria
Prof. Dr. Carlalberta Verna, Basel, Switzerland

Registration Fee includes
September 28 + 29: Lunch and Coffee Breaks at IBRA Headquarters and Institute of Anatomy, University of Basel

Registration for Workshop only: not possible!
Group Dinner Event: not included

Group Dinner Event
Costs: EUR 40 per person

Registration Deadline
September 21, 2018
General Information

**Educational hours**
Theoretical Part on Friday, September 28 – 495 min
Practical Part on Saturday, September 29 – 360 min
Total: 14,25h

**Target audience**
Recommended for senior surgeons and physicians in private practice

**Main specialty of the event**
Starting with classification of the injury or deformity, the faculty members share their preferred approach, treatment and follow-up of cases with advanced difficulty.

**Expected total number of participants**
30

**Educational needs**
Dealing with challenging fractures and deformities, consultants request exchange through case discussions both theoretically and through surgeries. Beside state-of-the-art approaches, expert opinions and discussions are highly appreciated to scientifically elaborate improvements when dealing with difficult cases.

**Expected educational outcomes**
Extend common knowledge and skills and awareness of surgical techniques by exchanging less frequent or demanding cases of orthopedics and traumatology.

Disclaimer and Waiver

I understand that the material presented in this educational program (the “Program”) has been made available under sponsorship of IBRA (International Bone Research Association) for educational purposes only. This material is not intended to represent the only, nor necessarily the best, method or procedure appropriate for the medical situations discussed, but rather is intended to present an approach, view, statement or opinion of the faculty that may be of interest to others.

As a condition of my participation in the Program, I hereby (i) waive any claim I may have against IBRA and its officers, directors, employees, sponsor, agents, or against the presenters or speakers, for reliance on any information presented in the Program; and (ii) release IBRA, its officers, directors, employees, sponsors and agents, as well as the presenters and speakers, from and against any and all liability for damage or injury that may arise from my participation or attendance at the Program.

I further understand and agree that no reproduction of any kind, including photographs, audiotapes and videotapes, may be made of the Program. All property rights in the material presented, including common law copyright, are expressly reserved to the presenter or speaker or to the IBRA.

IBRA is not responsible for expenses incurred by an individual who is not confirmed and for whom space is not available. Costs incurred by the registrant, such as airline or hotel fees or penalties, are the responsibility of the registrant.

I hereby certify that I am correctly vaccinated against the current diseases which could be transmitted during the dissection workshops. I also certify that my personal insurance company will take in charge the possible injuries and complications that may occur during the dissection workshops. I relieve the organizers from their responsibility concerning any injury and complication that may occur during the workshops.

By registering for the Program, I consent to the conditions of participation set forth above.
IBRA is a financially independent, internationally oriented non-profit organization, for specialized clinicians and research scientists. IBRA's core activity is the future-oriented advancement of bone-tissue research and management focusing particularly on:

- Bone biology, including osteointegration, bone generation and soft tissue reaction
- Maxillofacial and orthopaedic rehabilitation
- Materials research including hardware development
- Biomechanics
- Tissue engineering
- Surgical procedures & clinical management

IBRA encourages the development of innovative solutions in a friendly, loyal atmosphere. Future-oriented open-mindedness and international acceptance form the basis for first-rate assistance in realizing modern research projects and promoting individual careers. As an international forum reaching across geographic and cultural borders, IBRA offers an up-to-date network for the exchange of experience and knowledge in applied bone and tissue research.

**History**

IBRA was founded in Zurich, Switzerland on September 25, 2004 at the initiative of eighteen forward-looking clinicians. Its primary aims are the exchange of professional knowledge, promotion of new scientific developments, engineering of the musculoskeletal system, coordinated multi-centre research and highly specialized advanced training.

**Research Support**

IBRA offers financial support for research projects dealing with bone biology and the improvement or development of internal fixation devices for maxillofacial and limbs surgery. With the emphasis on innovation and suitability for practical application, 95% of the research budget goes towards applied research and clinical studies and 5% towards basic research.

**Education**

IBRA’s education area offers clinicians special courses on the application of specific methods of treatment. IBRA’s particular concern is to train tomorrow’s highly qualified research scientists. IBRA enhances its members’ qualifications through a scholarship program.
